Subject: I oppose Duke's latest rate hike for dirty energy

**South Carolina Public Service Commission** 

Dear Public Service Commission,

Duke should quit investing in dirty, old energy like coal and nuclear, and actually invest in the cheaper renewable technologies its executives claim to support. I want the Carolinas to be more energy efficient and powered by local wind & solar that will employ thousands of Carolinians.

Sincerely,

A Barr 255 W Martin Luther King Blvd Unit 1313 Charlotte, NC 28202-1988
